

**THE SOCIETY OF FRIENDS OF BOWRING PARK (Founded 1989)  
AUTUMN BULLETIN 2018**

**The Coach House continues to be closed for renovations**

The restoration of Bowring Park and Buildings should now commence in October 2018. There was a delay due to drainage issues which have now been resolved. Currently clarification of the project is being discussed with companies who have tendered for the work. I am sure all appreciate best to be clear and get things right from the start rather than a rushed job.

We now look forward to seeing the work for the restoration of Bowring Park Estate and buildings commence and working towards it's future sustainability.

There will be lots of additional opportunities for the local community to get involved as the project progresses; you could volunteer with the Friends of Bowring Park to assist in our well established Annual Events Programme, get involved in the restoration of the historic gardens at Bowring with support from specialist professionals employed through the grant. There will also be a host of new activities you could engage in such as heritage walks & talks, children's, family and youth activities, as well as arts and cultural activities.
